STAR-KNOBS

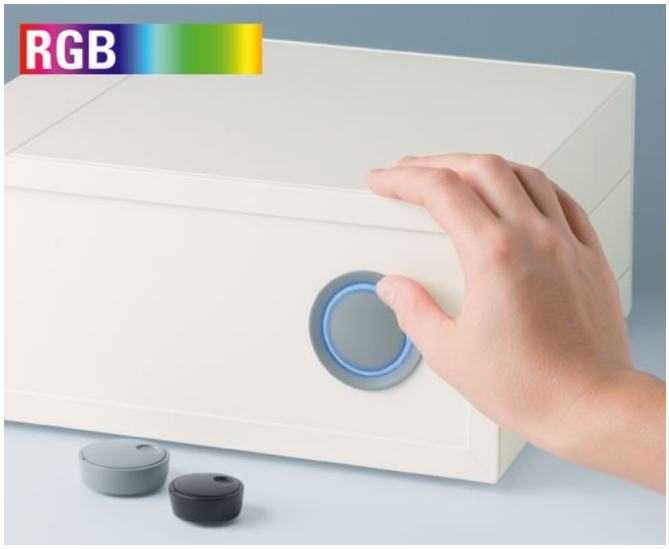

Modern illuminated tuning knobs

Our STAR-KNOBS are designed for menu driven interfaces, click rotation and click push-in for ‘OK’. This reduces the number of knobs and controls required on the front panel. The illumination is a visual highlight and enhances user operation of the equipment.

- innovative design for flush fitting or surface mounting
- the flush-fitting version represents an attractive transition between the knob and the front of the device; the knob can be illuminated, that is, a ring lights up between the recess and the knob cover
- with the surface-mounted version, the knob design makes a great impression thanks to the slight inclination of the body towards the inner axis, thus allowing ergonomically comfortable operation; the knob is mounted on an approx. 3 mm high ring, which can be illuminated if required
- illumination possible with modern, energy-saving SMD LED technology for power supply units with 5 V: either white backlight for the colours diamond, emerald and sapphire or RGB backlight for individual colours as accessory
- knob with or without knurls
- cover with or without finger recess for fine adjustments
- tried and tested collet fixture system with secure fit on the axle
- max. torques: assembly = 1.5 Nm, function = 1.2 Nm

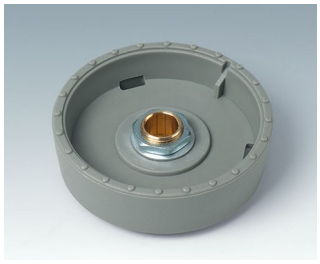

knob sizes	boreholes
ø 33 mm	6 mm, 1/4"
ø 41 mm	6 mm

Minimum Components for 1 STAR-KNOB:
1 knob, 1 cover, 1 assembly kit

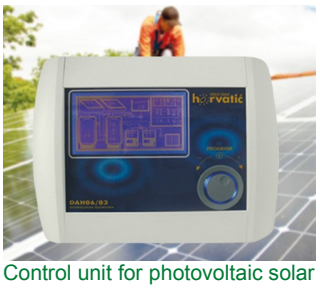

STAR-KNOBS

Applications and Examples

For rotary potentiometers or rotary pulse generators with round shaft ends in accordance with DIN 41591, including touch function. Measuring and control technology, health care, heating and air conditioning, communication devices, building management, smart factory,

Control element for pump control station

Control element for respiratory assistance apparatus

Control unit for photovoltaic solar installations

Heater for blood, blood substitutes and infusion solutions

Multiple analytical resonance system

Customising Options

What do you still need for your own very personal product? We can supply enclosures and tuning knobs with all necessary modifications for fitting your electronic components.
Customising options for Star-Knobs
